WHO WE ARE

*We are your Sustainable Partner of
choice in Nigeria*

WHO WE ARE

Rosetti Pivot Limited (RPL) is an associate of ROSETTI MARINO S.p.A operating in the energy sector, with core business in Engineering, Procurement, Construction, and Maintenance of Oil & Gas Production Facilities. Founded in 1925, ROSETTI MARINO has been constructing heavy offshore steel structures and has been a fully integrated EPCI contractor in more than 20 countries for over 40 years.

RPL operates as venture partnership between Rosetti Marino S.p.A and Pivot GIS Limited. The partnership brings together erstwhile capabilities and worldwide experience developed over the years by both companies in a complementary manner. This is aimed at providing efficient and timely delivery of world class sustainable solutions to its clients.

Our Mission is to deliver first-rate services exceeding clients' expectations while remaining environmentally sustainable.

Our Vision is to continuously build a reputable world-class organization in compliance with our core values.

WHO WE ARE

Rosetti Pivot Ltd

Rosetti Pivot Ltd is a joint venture partnership between

Rosetti Marino Spa (49%) and Pivot GIS Ltd. (51%)

The partnership brings together capabilities and worldwide experience developed over the years by both Companies

Pivot-GIS Ltd. is a Nigerian EPCOM Company.

- Setup to provide a focused approach to **Honeywell Group** involvement in the Nigerian energy and oil & gas industries. Honeywell Group employs about **15.000 people** in Nigeria
- Focused on onshore Engineering, Procurement, Construction, Operations and Maintenance activities.

HSE MANAGEMENT SYSTEM

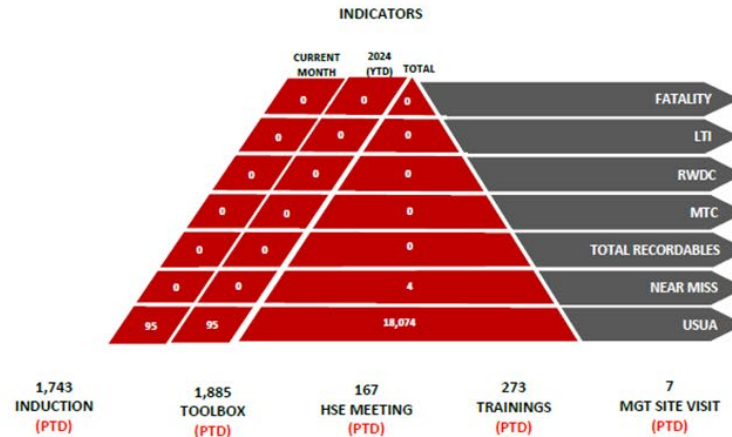

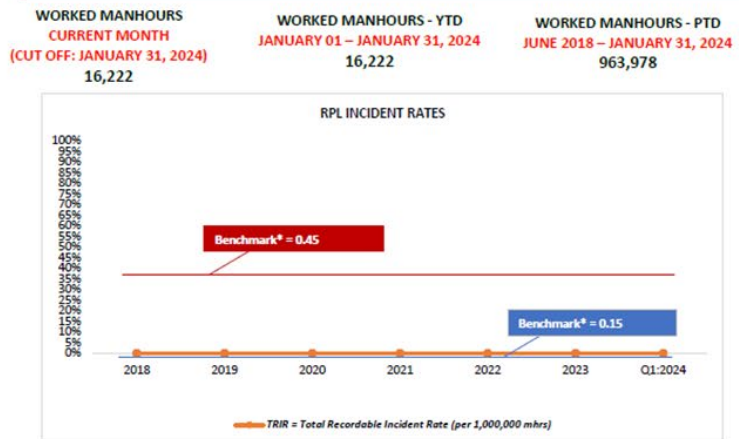

We practice a culture of SAFE LIFE

HSE MANAGEMENT SYSTEM

Rosetti Pivot Limited practices a culture of SAFE LIFE that promotes *“no incident or injury is acceptable”*.

SAFETY PERFORMANCE

SAFETY PERFORMANCE AS AT JANUARY 31, 2024

Worked over
963,978
MANHOURS
with ZERO LTI

LET'S BUILD TOGETHER,
WITH COURAGE AND TRUST,
A SAFE WORKPLACE

PROJECT SAFETY REQUIREMENTS

Site Safety Rules

All the site rules governing the project as well as those of the client will be communicated to the workers during induction and made public by posting them on the project notice board.

Stop Work Authority
Stop any work or behavior you deem unsafe to yourself or your coworkers.

STOP

*You will **never** be penalized for stopping unsafe work or speaking up about hazards and injuries.*

Work Authorization and Critical Procedures are “over-arching” actions applied across all activities to manage the risks

Life Saving Actions (LSA)

WORK AUTHORIZATION Only do work that is authorized and follow the Permit and JSA	
ENERGY ISOLATION Lock, verify and demonstrate Zero Energy	
BREAKING CONTAINMENT Manage ignition sources and exposure to hazardous substances	
CRITICAL DEVICES Bypass only when authorized Implement alternative controls	
HOT WORK Remove flammable materials and gas test continuously	
WORKING AT HEIGHT Wear a harness with 100% tie-off and secure tools and materials	
CONFINED SPACE ENTRY Establish and maintain safe entry conditions	
LIFTING AND HOISTING Use certified lifting gears and stay clear of suspended loads	
ROTATING EQUIPMENT Prevent Entanglement	
MOBILE EQUIPMENT Communicate safe approaching distance	
CRITICAL PROCEDURES Review and understand them Do not deviate without approval	
DIVING OPERATIONS Risk assess all hazards with JSA, Review SIMOPS with approval	

The other ten (10) Actions are specific to the type of work being undertaken

An aerial photograph of a large offshore oil rig in the middle of the ocean. The rig is a complex of steel structures, including a tall central derrick, several cranes (one yellow, one red and white), and various platforms and walkways. The rig is surrounded by deep blue water under a clear sky. The text 'WHAT WE DO' is overlaid in large white letters on the left side of the image.

WHAT WE DO

A fully Integrated EPC Contractors

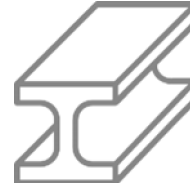

ENGINEERING

Full design and engineering capabilities for the oil and gas Industry. From feasibility, through basic engineering, up to detailed engineering.

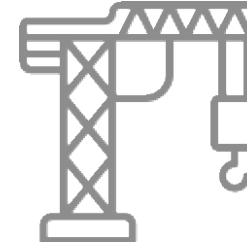

PROCUREMENT

All activities managed through early planning. Qualification of vendors and monitoring of their performances.

CONSTRUCTION

Large and complex fabrication and installation for the offshore and onshore energy industries, using the highest safety and quality standards.

MAINTENANCE

We cover various aspects of maintenance activities in the oil and gas industry, ranging from preventive, predictive, and corrective maintenance.
